

Test Document for Parser

1. Introduction

This PDF is intentionally simple to support fast parsing. It contains two headings and short body text without images or complex layout.

Use this file to validate upload routes, content extraction, and text-normalisation. All content is plain text using standard fonts.

2. Sample Content

Key points:

- Two clear headings (H1/H2).
- A few short paragraphs.
- No images, tables, or footnotes.
- Metadata set: title and author.
